Description	Final Grade
Your family tree includes all of the items in the checklist above. All of the worksheets were neatly completed. The final project was well thought out. All space on the paper was used. The project is creative, original, and decorative.	4
The family tree included all of the items in the checklist above. The worksheets were completed. The final project showed effort and was done neatly.	3
Some items from the worksheets or the final project were missing. Some effort was shown in the project. The tree might be missing information such as names and dates. The completed work looks rushed. The space on the page is not used well (large areas of white space).	2
Little or no effort is seen in this project. Many of the worksheets were incomplete. The family tree might be missing large chunks of information. The project lacks creativity. There is very little decoration. There was no thought put into how the space on the paper should be organized.	1
